Davies Obtains Preview of New 1937 Chevrolets

More than 1200 Chevrolet dealers and salesmen from Northern California and Nevada convened here Monday in the Oakland Civic Auditorium Theatre and Scottish Rite Temple to discuss the impending introduction of the 1937 Chevrolet models with K. M. Chase, Pacific regional manager, Chevrolet Motor Company.

Included in the list of conferees was Al H. Davies, Redwood City dealer for Chevrolet.

"The new model will have the most distinctive appearance change ever built into a low-priced car," Mr. Chase told Davies and the others at the convention.

"The motor is completely new and more powerful and brings a new conception of performance, power and smoothness to the motoring public. This new engine is of the valve-in-head type, pioneered and perfected by Chevrolet and world-famous for its savings of gasoline, oil and upkeep costs."

The local Chevrolet head further learned that the new styling is made possible by a new type body used for the first time on any low-priced car. This new body type, it is declared, nullifies road noises and brings an extra margin of safety.

Indicative of the confidence of Chevrolet leaders in the public acceptance of the 1937 product is the statement from Mr. Chase that W. E. Holler, vice president and general sales manager of Chevrolet Motor Company, expects to sell 1,200,000 Chevrolets units in the coming season. This total compares with the all-time sales record of 1,125,000 1936 models and the previous high market of 1,002,918 units in 1929.

TWO HOMES BURGLARIZED

BURLINGAME, Oct. 28. Burglars broke into two neighboring houses here, entering one through an open porch window and the other through a rear door left unlatched, but secured only \$4.60 and two watches as loot. The loss was evenly divided between the homes of V. Williamson and F. A. Crone. Both families were absent when the burglaries took place between 7 and 8 o'clock.

Landon-Knox-Baker

For the best interests of the United States it will be well for the electors on Tuesday next to vote for Landon-Knox and Baker.

Landon is honest, sincere and will make a good president. His efforts for better government must be supported by a Republican Congress.

It is vitally necessary that Alonzo Baker be elected to the House of Representatives.

MENLO PARK NEWS

John Shortridge, young son of Senator S. M. Shortridge, has opened a law office in Bakersfield. For several years he was connected with the law office of Garrett McEnerney of San Francisco and has decided to start for himself. Shortridge is an able attorney, well grounded in the law and should do well in his chosen field. He is a graduate of Stanford and the Hastings College of Law.

Miss Ruth Rugaard of Walnut Grove is a guest at the home of Miss Carmel O'Keefe, Oak Grove avenue. Both young women were school mates of the San Francisco College for Women at Lone Mountain.

Mr. and Mrs. Flinn were here from Berkeley Tuesday on a brief visit to Mr. James G. Mason, Mrs. Flinn was formerly Miss Mollie Doyle, daughter of the late James R. Doyle. Mr. Flinn organized the printing office at the State University many years ago and developed it to a large institution. He retired two years ago after being superintendent for 30 years.

The duck season opens on November first and hunters are preparing for the onslaught. There are only a few birds on local marshes. Sportsmen will have to seek the preserves. The limit is small and the season short.

Owing to the increase of the freight business here, the Southern Pacific Company has applied to the City Council for a permit to rearrange its tracks at the freight sheds. This improvement will afford better facilities for the shippers.

The many friends of George Nunn will be pleased to learn that he is recovering from his recent illness. Mr. Nunn is one of Menlo Park's most substantial citizens.

Mrs. J. Strong has leased her home in Atherton to Mr. J. Britschgi and has taken rooms in the Derry apartments on the highway. Fire Commissioner James B. Howell hurriedly departed for Europe on business yesterday. Mr. Howell is a Republican worker. His efforts will be sorely missed during the closing days of the campaign.

Owing to the large number of people of Menlo Park seeking literature at the Republican headquarters, it is evident that Landon, Knox and Baker will receive a majority vote here next Tuesday.

Weeden Brothers are remodeling the Hahn home, Glenwood avenue.

N. Y. Photo Firm Requests Data On R. C. Climate

"Favorable superlatives," were the answer of Roscoe Wyatt, secretary-manager of the local chamber of commerce, in answering today a request for information on Redwood City weather, made by a color photography company of New

York which is seeking a west coast location.

Wyatt compiled an analysis from United States Weather Bureau records showing the highest and lowest temperatures and lowest and highest humidity recorded during a five-year period.

"We believe our climate can be described only by favorable superlatives," Wyatt wrote.

Stable temperatures, with a minimum of variation, are necessary for the manufacture of many

photographic supplies.

Wyatt concluded: "Redwood City welcomes manufacturing plants and seems to have climatic conditions which would contribute greatly to success in your business."

Hearing a noise at his chicken coop, Frank Erler, Providence, R. I., found three hens dead and a fox caught in the coop trying to kill others. The fox was a neighbor's pet.

Improvement Plans

DALY CITY, Oct. 27.—City beautification and improvement moved one step nearer here last night when the city council authorized the mayor to consult an architect on plans to remodel the city hall or build a new one in which there will be a fireproof jail, to buy property and build playgrounds, and to install a new water and fire alarm system in the southern part of the city. Architect named was Will Toepeke of San Francisco. The city plans a bond issue and 45 per cent PWA grant.

Here it is almost Halloween again and families that up to this week haven't given pumpkins a thought will start getting them in. As a matter of fact, pumpkins are good for lots of things besides making faces and pies. In many parts of the country ingenious cooks use pumpkins just as you would winter squash—baked or steamed, and served with butter and seasonings.

When you go to a lot of trouble getting dinner, you certainly don't want to run the risk of spoiling the effect by using an inferior butter. You want to be sure that the butter you put on the table is fresh and fine flavored, as well as rich and wholesome. That's why it is good common sense to always insist on Golden State Butter. You can always depend on it.

VOTE FOR JAMES

Mr. James has been attacked through propaganda and whisperings indicating that he is hard to get along with.

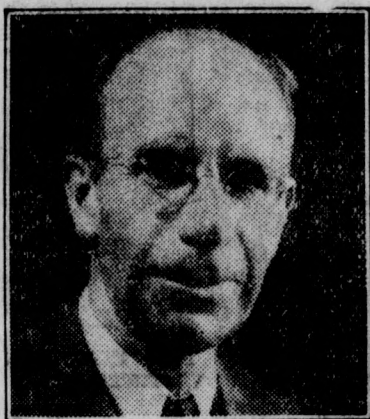

This grows out of his refusing to take a program dictated by certain powers in authority during the fiasco surrounding the despicable controversy in the appointment of a County Engineer to replace him during 1934 and 1935.

We want a man as Supervisor who will stand up and fight for the rights of the taxpayers. He should be commended for his courage—rather than criticized.

The following letter published below was written by James S. James, candidate for County Supervisor from the Fifth District and mailed by him to a limited number of voters.

This reproduction is sponsored and paid for by one of the recipients who believes that the information contained should reach all the readers of this newspaper.

TO THE VOTERS OF SAN MATEO COUNTY:

Burlingame, Calif.
October 20, 1936.

The writer is a candidate for County Supervisor from the Fifth District. In the Primary Election on August 25 he received 12,736 votes, which was 4,399 votes over his nearest competitor.

Supervisors from the First and Second Districts were elected in the Primary. Supervisors from the Third, Fourth and Fifth Districts remain to be elected at the General Election on November 3.

The result of the Primary was a complete repudiation of the Boss Rule—Political Spoils System which has dominated this county for the past two years and a demand by the voters for Better Government.

The struggle for good government was NOT wholly won in the Primary. It is still necessary to carry on.

BETTER GOVERNMENT, which this County has long sought, can be obtained only through an active and STRONG Board of Supervisors. One pliable Supervisor can undo the good work of the other four. All five must be men who will co-operate each with the other, for the good of the County. All five must be able to say NO when dealing with selfish political or subversive elements. What this County really needs is more officers who are difficult to get along with WHEN APPROACHED BY INTERESTS UNFRIENDLY TO THE COUNTY'S WELFARE.

First hand knowledge of the County's problems and personal experience in County governmental affairs are indispensable assets for a Supervisor.

Your part in the movement for Better Government is to inquire into the qualifications, training, experience, ability and past records of the six remaining candidates; to vote for and to elect the three whom you believe can best carry out your mandate.

When the writer filed his "Declaration of Candidacy" for Supervisor, he subscribed to the following oath: "IF NOMINATED, I WILL ACCEPT SUCH NOMINATION AND NOT WITHDRAW, AND WILL QUALIFY AS SUCH OFFICER IF NOMINATED AND ELECTED." This oath should effectually dispose of all rumors that he is interested in some kind of a trade for the County Engineer's or County Executive's position. He is actuated by no selfish or vindictive motives and has never entered into a political trade to further his own interests.

Knowing the County, its people and their problems, having had four years' experience as County Engineer from 1931 to 1935, the writer offers his services as Supervisor from the Fifth District. He believes it is not too much to hope that some day this County may earn the enviable reputation of being one of the best operated Counties in California.

Respectfully submitted,

James S. James.

Candidate for County Supervisor,
Fifth District

FORCE US TO RAISE PRICES?

Three young men pooled their savings and started into business... on Friday, the thirteenth. That was 11 years ago. And the little store they opened in San Francisco has grown into a California institution with 120 modern Purity Stores and 600 employees.

Now, this didn't just happen. There is a reason why Purity Stores have been successful. It didn't take Californians long to discover that Purity Stores stand for upright quality and downright value! It is very obvious that thousands of Californians like Purity's way of doing business.

These thousands of customers are NOT going to like it, however, if Purity Stores are taxed into raising prices. But that's what must happen if the proposed Retail Store License is put across.

This innocent-appearing bill is actually a tax... a tax sponsored by middlemen and wholesalers... a tax designed to cripple California chain stores... a tax that will cost the public money by raising prices on the necessities of life.

And it's unfair, too! While it taxes the smallest chain stores up to \$500 per store annually, it places a burden of only \$1.00 per year on the largest single stores!

In short, it is a tax that will back the public unless the public knocks it out. You can help. Don't forget that—

Cleanup California's Liquor Situation!

VOTE YES ON 3
FOR LIQUOR LAW ENFORCEMENT

Removes liquor control entirely from State Board of Equalization. Sets up non-political Alcoholic Beverage Commission. Provides adequate local enforcement. Provides mandatory public hearings on demand of local authorities and authorizes commission to deny or revoke licenses if character of applicant or place of business unsatisfactory. Authorizes commission to limit number of licenses in any community.

Prevent Return of Prohibition!

VOTE NO ON 9
PREVENT RETURN OF PROHIBITION

Means Prohibition. Under misleading title of Local Option, Proposition 9 gives City Councils and Boards of Supervisors power to bring back bone dry prohibition overnight WITHOUT A VOTE OF THE PEOPLE. Would inject wet and dry issue into every local election. Would bring back bootleggers, speakeasies and hotel bedroom drinking. Would cause widespread unemployment and irreparable loss to our \$400,000,000 wine and grape industries and \$250,000,000 tourist trade.

100 at Rally Of Republicans

Baker, Crist Explain Issues of Campaign At Meeting Here

Approximately 100 residents of this district met in the Woman's Club House on Clinton Monday night to hear Alonzo Baker, Republican congressional candidate, and Frank L. Crist of Palo Alto outline the G.O.P. stand on local and national issues and urge election of Governor Landon as president and Baker as congressman from this district replacing Rep. John J. McGrath, San Mateo Democrat.

Among other things, Baker urged a fair hearing for the Townsend plan, giving Dr. F. E. Townsend, its founder, credit for making the people pension conscious, and declaring the proposal should be thoroughly investigated.

Declining to delve into personalities, Baker told reasons why he believed he could fill the congressional post to good advantage if

\$70,000 Home Periled By Dining Room Fire

ATHERTON, Oct. 26—The \$70,000 home of the socially prominent Warrington Dorsts on Fair Oaks Lane was threatened with destruction Saturday night by a fire which originated in the dining room, apparently, firemen believe, from a carelessly dropped cigaret.

Firemen of the Menlo Park district controlled the blaze and confined it to the one room. An estimated \$2000 damage was done. The two young Dorst children, Michael, 6, and Donald, 4, and two servants were the only occupants of the house at the time.

Stripped of its "WHISKERS"

PROPOSITION #22 IS A TAX ON YOU!

You must defeat it or pay it—in HIGHER PRICES ON FOOD AND OTHER NECESSITIES

There is a "joker" in Proposition 22 on your November ballot!

Called a "Retail Store License," it looks innocent enough. But stripped of its disguise, it is a Tax that will have to be passed on to you in higher prices.

It provides that chain stores selling food and other necessities will be taxed \$500.00 a year for each store over nine. Individual stores will pay only \$1.00 a year—or one five-hundredth as much.

BUT...

...says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

BECAUSE...

...as the Harvard (University) Bureau of Business Research discovered in studying 32,998 chain stores...chain stores operate on a small profit. They eliminate middleman's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in prices 10% below the average.

Four out of five chain stores do not make enough profit to cover the tax. Thus some of them will be forced out of business—allowing their competitors to raise prices.

Surviving chains will be forced to raise their prices to pay the tax. Either way, you will foot the bill.

Remember, this tax is admittedly not for revenue purposes. It is cleverly camouflaged subsidy for the middleman and wasteful business methods—at your expense.

If you think that chain store competition helps to keep all prices in line with your pocketbook—if you think that you already PAY ENOUGH TAXES ON FOODS AND OTHER NECESSITIES, vote NO and keep prices low.

For no matter how named...no matter how heavily disguised...22 is a tax on you...VOTE NO!

22 IS A TAX ON YOU—VOTE NO!
